HOME DEPARTMENT.

New Delhi, the 2nd February 1937

No. F 114 39/36-Police.—His Excellency the Viceroy and Governor-General of India has been pleased to confer the Indian Police Medal on the following officer :—

Name of officer and rank	*Statement of services for which the decoration has been conferred.*
MADRAS.	
Thiruvalur Thaisil Rajendranatar, Inspector of Police	On 26th March 1936 the Inspector received information that an armed gang of 10 or 12 persons, suspected to be dacoits was moving in the Ramanathapuram Reserve, Salem district. He promptly established a party of Police and private individuals and, after a vigorous and daring search, located the gang the same night near a temple in the forest and surrounded them. Four or five of the gang managed to escape but the remainder, one of whom was armed with gun and another with a spear showed fight. The Inspector without hesitation led a rush at the armed men and disarmed them before they could use their weapons. Any hesitation on the part of the Inspector would not only endangered his own life but the lives of those in his party.
	The promptness and determination with which the Inspector followed up the information he received is commendable and has resulted in the final event which resulted in the arrest of the armed criminals is worthy of recognition.

N.B.—This award is made for gallantry under regulation 6(i) of the regulations governing the grant of the Indian Police Medal for conspicuous service with it the special allowance admissible to officers of and below the rank of Inspector of Police.

STATISTICS—1936-37—COTTON—FOURTH FORECAST REPORT.

The acreage of the areas under cotton in the Madras Presidency during the five years ending 1936-37 has represented nine per cent of the total area under cotton in India.

2. The area under cotton up to the 25th January 1937 is estimated at 2,161,100 acres. When compared with the area of 2,601,400 acres estimated for the corresponding period of last year, it records a decrease of 5·4 per cent.

479,400 acres have been reported as sown since the last forecast was issued. The extent is made up of 193,400 acres under Tinnevelly, 89,000 acres under Cambodia, 83,500 acres under Northern and Western, 32,800 acres under Salems, 8,100 acres under Coimbatore and 1,200 acres under other categories of cotton. The area sown in December and January exceeds that sown in the corresponding period of the previous year by 78,300 acres or by 19·7 per cent.

3. The decrease in area in the current year as compared with the area in 1935-36 occurs in all the important cotton growing districts except East Godavari, Anantapur, Coimbatore and Madura. In the Deccan, the area fell from 1,221,500 acres to 1,148,200 acres, i.e., by 6·2 per cent owing to want of timely and sufficient rains.

The area under irrigated cotton mainly Cambodia is estimated at 247,000 acres as against 280,400 acres for the corresponding period of last year, a decrease of about seven per cent.

4. Pickings of the *mungari* or the early sown cotton crop in the Deccan have concluded. The yield was below normal.

Yields below normal are reported from the coast-line tract and the southern and western tract and from Salem and Trichinopoly.

5. The seasonal factor for the Presidency works out to 88 per cent of the average as against 91 per cent for the corresponding period in the previous year. On this basis, the total yield is estimated at 637,100 bales of 400 lb. lint as against 345,000 bales for the corresponding period of last year. It is, however, too early to estimate the yield with accuracy as the harvest has not yet commenced in the major portion of the area and much will depend upon the future weather conditions and the boll taken by insect pests.

6. The estimated area and yield under the several varieties are given below :

Lakes in hundreds of acres, i.e., 00 being omitted ; yield in hundreds of bales of 400 lb. lint, i.e., 00 being omitted.

When compared with the corresponding prices towards the close of December 1936, the prices record a rise of about 3 per cent in the case of cambodia while the prices of cambodia, westerns (early crop) and Nadam are stationary.

8. Figures by districts are given in statement I, figures of area by varieties in the Central districts and the South are given in statement II.

STATISTICS—PADDY—1936–37—FINAL FORECAST REPORT.

The average of the areas under paddy in the Madras Presidency during the five years ending 1934–35 has represented 33·4 per cent of the total area under paddy in India.

2 The area sown with paddy in 1936–37 is estimated at 9,790,000 acres as against 9,615,000 acres for the corresponding period of last year and the finally recorded area of 9,796,280 acres in 1935–36. The present estimate is practically the same as the final area of last year but falls short of the area of 9,913,000 acres in an average year by 203,000 acres or by two per cent.

3 One million two hundred and ninety-two thousand acres have been reported as sown since the last December forecast was issued. The extent so sown was large in East Godavari, West Godavari, Anantapur, Nellore (110,000 acres), Chingleput (98,000 acres), South Arcot (97,000 acres), Chittoor and North Arcot (70,000 acres in each), Tanjore, Madura, Ramnad (208,000 acres) and Tinnevelly (113,000 acres). The area sown in December and January was greater than that sown in the corresponding period of last year by 87,000 acres or by 7·2 per cent.

The area under second crop paddy is expected to be below normal.

4 The harvest of paddy is in progress.

The yield is expected to be slightly above normal in Vizagapatam, normal in East Godavari, Kistna, Kurnool, Cuddapah, the South the West Coast and the Nilgiris and half normal elsewhere, notably in Chingleput where it is estimated to be only 35 per cent of the normal. The seasonal factor for the Presidency works out to 98 per cent of the average as against 99 per cent in the season and Crop Report of last year. On this basis the yield works out to 24,252,000 cwt. of cleaned rice. This represents a decrease of 491,000 cwt. of cleaned rice or 0·5 per cent when compared with the estimate of 24,819,000 cwt. of cleaned rice in the Season and Crop Report of last year. The yield in an average year is estimated at 26,076,000 cwt. of cleaned rice.

5 The wholesale price of paddy per imperial maund of 82·27 lb. as reported from important markets on the 8th February 1937 was Rs. 2-9-0 in Nellore, Rs. 2-4-0 in Guntur and Madura, Rs. 2-2-0 in Bezwada and Mandapatam, Rs. 2-1-0 in Ellore, Rs. 2-0-0 in Rajahmundry, Rs. 1-15-0 in Cuddalore and Tinnevelly, Rs. 1-14-0 in Cocanada and Trichinopoly, Rs. 1-13-0 in Bellary, Rs. 1-12-0 in Kumbakonam and Rs. 1-8-0 in Negapatam. When compared with the corresponding prices towards the close of December 1936 the prices reveal a fall of 14 per cent in Negapatam, 13 per cent in Madura, 10 per cent in Rajahmundry, 9 per cent in Cocanada, 8 per cent in Trichinopoly, 6 per cent in Tinnevelly, 4 per cent in Kumbakonam and Nellore, 3 per cent in Mandapatam and 1 per cent in Bezwada.

6. Figures by districts are given in the statement appended.

Madras, 5th February 1937.

No. 4.—

The following notification is issued in supersession of Notification No. 4, dated 10th March 1936, published in the Fort St George Gazette, Part II, dated 17th March 1936:—

In exercise of the powers conferred on him under section 4 (c) of the Madras Abkari Act, 1886, the Commissioner of Excise hereby prescribes under sections 10, 24 and 29 (2) (d) of the Act, the following rules for the levy of fees on the volume of sales, etc., and for the issue of licences for the compounding, blending, bottling and sale of potable foreign liquors, Indian-made foreign spirits, Indian-made rectified spirits, coconut toddy arrack and beer brewed in India from and after the 1st April 1937 within the limits of the Madras Presidency:—

1. The term 'foreign liquor' in these rules includes all wines, spirits and beer imported into the Madras Presidency by sea or land; imported plain rectified spirits on which the tariff rate of duty has been paid and beer brewed in India duly cleared at the tariff rate but excludes Indian-made foreign spirits, coconut toddy arrack, beer brewed in India and Indian-made plain rectified spirits on which duty at the tariff rate has not been paid, beer imported in a condensed form and afterwards converted into potable beer, denatured spirits and ordinary arrack.

'Indian-made foreign spirits' is spirit manufactured and compounded in British India and made to colour and flavour to resemble gin, brandy, whisky or rum imported from foreign countries and includes 'mahua' and other liqueurs into the composition of which only such spirit enters. It is assessed at Rs. 21-14-0 per proof gallon, its sale is permitted in all foreign liquor shops except those licensed for the exclusive sale of beer, medicated wines and rectified spirits. The maximum limit of private possession is two imperial gallons.

'Indian beer' is beer brewed in India, (a) which contains at least two bushels of malt and two pounds of hops per hogshead and in the manufacture of which jaggery or crude cane-sugar is employed, (b) which is brewed at a higher original gravity of 1,055 degrees on a standard saccharometer and (c) maximum price of which at the brewery is Rs. 40 per hogshead plus the excise duty imposed at the time of issue.

Note.—(1) The minimum strengths at which imported and Indian made foreign spirits can be sold are 25° U.P. for gin, 35 U.P. for Vodka, 40 arrack and exception toddy arrack and such other spirits as may be prescribed by the Commissioner of Excise from time to time and 25° U.P. for all other kinds of spirits including Indian arrack, except denatured spirits.

(2) Holders of foreign liquor licences should not dispose of any spirit imported by them and stored from the Custom House on payment of provisional duty below acqua fortis determined with the true strength of the spirit and satisfying themselves that it is not below the minimum saleable strength. If on test of the Customs Laboratory it is found that any such spirit is below the minimum saleable strength and has been sold, the excise rules will be rigidly enforced against such licensees.

(3) 'Rectified spirits' includes 'absolute alcohol.'

2. (1) Gallonage fees shall be levied at the following rates on the volume of sales of liquor under such licences and in such manner as may be prescribed by the Commissioner of Excise from time to time:—

	For Imperial gallon or 4 quart bottles. Rs. A. P.
Spirits, champagne and other wines classed by the Commissioner as sparkling wines and wines containing more than 42 per cent of proof spirit	2 4 0
Wines of all other kinds and liqueurs.	1 2 0
Beer, cider and fermented liquors ...	0 6 0

(2) (a) For the year commencing on the 1st April 1937 gallonage fees shall be levied at the rates prescribed in sub-paragraph (1) on the volume of all sales of liquor under all licences of the following categories:—

F.L. 2, F.L. 3, F.L. 4, F.L. 7, F.L. 8, F.L. 9, F.L. 10, F.L. 11, F.L. 13, F.L. 17 and dining car licences.

(b) Gallonage fees at these rates shall be levied also from F.L. 1 licensees, distillery licensees, brewery licensees and F.L. 12 licensees on the volume of all sales of liquor to the public including clubs and regimental messes, but when liquor is sold by one foreign liquor retail licensee to another foreign liquor retail licensee in the Madras Presidency, the gallonage fee on such liquor is leviable only from the licensee under whose licence the liquor is finally sold.

3. Import.—(1) The import of Indian-made foreign spirits and Indian-made rectified spirits manufactured outside the Presidency otherwise than by sea, shall be permitted only with the previous permission of the Commissioner or an officer authorized by him to grant permission on prepayment of the excise duty payable and in the case of imports by others than foreign liquor licenceholders, of the prescribed gallonage fees also.

(2) The previous permission of the Commissioner or an officer authorised by him to grant permission shall be obtained for the import of beer brewed in India into the Presidency. Such permission shall—unless the Commissioner sanctions in any particular case the making of special arrangements for the collection of excise duty and gallonage fees—be granted only on proof of payment to the Madras Provincial revenues of the excise duty payable and in the case of imports by others than foreign liquor licensees-holders, of the prescribed gallonage fee also.

(3) Bona fide travellers from French territory may import free of duty and without permit a quantity not exceeding 2 ounces of perfumed spirits and a quantity not exceeding half pint of any other kind of liquor for bona fide personal use.

4. *Export.*—Foreign liquor, Indian-made foreign spirits, coconut toddy arrack and beer brewed in India may be exported to places outside the Presidency free of gallonage fees under a permit granted by the Collector of the district from which the export is made. A copy of such permit shall be sent to the Inspector of the circle from which the export is made. In the case of exports to Mysore, no permit shall be granted unless the exporter has obtained the prior written permission of the excise authorities in Mysore to import the liquor.

5. *Transport.*—(1) No Indian-made foreign spirits, coconut toddy arrack or beer brewed in India shall be issued from any distillery, warehouse or brewery in the Presidency otherwise than under a permit to be issued free of fee when the issue is made to a licence-holder and on payment of the prescribed gallonage fees when the issue is made to some person other than a licence holder. Permits will be granted by the officers in charge of the Distilleries or Warehouses or by the Brewery Manager as the case may be.

(2) Transport from the local areas notified by the Commissioner under the proviso to section 10 of the Madras Abkari Act I of 1886 to destination of all foreign liquor, Indian-made foreign spirits, coconut toddy arrack and beer brewed in India on which the prescribed gallonage fee has not been paid, shall be permitted only under a permit to be issued by the Collector of the district in which the consumption of the liquor lies. Permits will be granted free of fee when the liquor is transported by licence-holders and on payment of the prescribed gallonage fees when the liquor is transported by others than licence-holders.

(3) No gallonage fee shall be levied (*a*) from persons or institutions exempt from the payment of excise duty and (*b*) for transport by clearing agents or others for consumption outside the Presidency.

6. Licences for the sale of foreign liquors, Indian-made foreign spirits, coconut toddy arrack and beer brewed in India shall be of the following descriptions:—

F.L. 1.—Wholesale licence for the sale of foreign liquor, Indian-made foreign spirits, coconut toddy arrack and beer brewed in India not to be consumed on the licensed premises. Under this licence the sale of liquor in quantities less than two Imperial gallons or a dozen reputed quart bottles or two dozen reputed pint bottles at a time of each kind is prohibited, but a holder of this licence will have the privilege of issuing to licensed dealers, to recognised clubs and messes and to respectable private persons, samples in quantities not exceeding one quart in the case of beer and one pint in the case of other liquors. All liquor issued as samples shall be separately exhibited in the accounts of the licensee. In Madras City a holder of this licence will not be allowed to sell Indian beer. 409 Read, approved and recorded the minutes of the proceedings of the ordinary meeting held on Friday, the 8th January 1937.

410 Read, approved and recorded the minutes of the proceedings of the Special (Budget) Meeting held on Friday, the 15th January 1937.

411. Resolved that Mr. A. A Hayles, Trustee, be appointed to the Standing Committee in place of Mr. E. A. Hench whose term of office as a Trustee of the Port expired on the 24th January 1937.

412 Considered an application from the Texas Co. (India), Ltd., for the lease of about 11.8 acres of land on the Trust's premises at the south end of the harbour on which the firm desires to build an oil installation.

Resolved that the Board considers that it should not depart from the policy of many years past with regard to oil installations. The south side is the

only one on which any considerable extension of the harbour is practicable, and the Board is of opinion that it would be unwise to surrender a large part of this land for the purpose of an installation, which would be likely to form an obstruction to the possible future extension of harbour works essential to the welfare of the Port.

Resolved that the Tezpur Oil Co. be advised that the Board regrets it cannot have land on the south reservoir for the purpose given in their application.

411. Read, with reference to Resolution No. 898, dated the 18th December 1936, the report of the Standing Committee on the subject of lighterage service at the Port.

Resolved by a majority that the following recommendations of the Standing Committee be accepted, viz. —

(a) that the Board should adhere to its proposal to make Messrs. Binny & Co. its contractors for landing from ships for which they are agents and should make them a flat payment for the work.

(b) that an agreement should be made for two years only and that the amount payable should be the same as the Trust's estimate of the cost if it were to do the work itself. (This figure is at present Rs. 2-8-0 a ton and should be revised annually.)

(c) that the proposed offer be now made to Messrs. Binny & Co. (Madras), Ltd.

(d) that the reply to Messrs. Gordon Woodroffe & Co. (Madras), Ltd., drafted by the Committee and amended by the Board be sent to that firm, and

(e) that a suitable reply be sent to the representation of the Madras Piecegoods Merchants' Association.

414. Resolved to postpone to a subsequent meeting the consideration of a note on the subject of the insurance of the Trust's buildings against fire submitted by the Chairman with reference to Resolution No. 350, dated the 4th December 1936.

415. Read a letter, dated the 18th January 1937, from Messrs. Ralli Brothers, Limited, Madras, enquiring whether the Trust would be prepared to change its present system of agreements for lease of its godowns or sections thereof in favour of a system of making the agreement for a fixed period of three months with a proviso that it becomes a monthly tenancy thereafter.

Read also note thereon by the Chairman, dated the 23rd January 1937.

Resolved that the Trust's existing practice of leasing godowns or sections thereof for a period not exceeding five years and not less than twelve months as laid down in Resolution No. 281, dated the 21st August 1925 be continued and that Messrs. Ralli Brothers, Limited, be advised that the Trust does not propose to change the present practice.

416. Read and recorded note by the Chairman reporting the allotment by him, as a temporary measure, of portions of certain of the Trust's warehouses on a monthly tenancy basis.

417. Resolved, with reference to letter, dated the 16th January 1937, from Messrs. Lalljee Hansharial & Co., who have leased from the Trust for a period of one year from the 20th December 1936 the room building of the Trust's old General Stores together with the adjoining cement shed, that they be granted permission to sublet the accommodation to the Associated Bank of India Ltd., Madras, till the 30th September 1937, subject to the condition that the Mercantile Bank of India, Ltd., should deal direct with the Trust in the matter of the payment of rent.

418. Resolved that the revised (completion) estimates submitted by the Port Engineer, amounting to Rs. 4,310 and Rs. 2,385 for the purchase respectively of a shaping machine and a "Landis" screwing machine for the Trust's Workshops, in replacement of the existing machines, be approved in supersession of the estimates amounting to Rs. 4,200 and Rs. 2,800 sanctioned in Resolution No. 106, dated the 11th August 1926.

Resolved further that sanction of Government be obtained to the debit to Capital of the excess expenditure amounting to Rs. 140 incurred on the purchase of the shaping machine, in addition to the sum of Rs. 2,800, the debit of which to Capital had already been sanctioned in G.O. Ms. No. 2961 Public Works (Marine), dated the 23rd August 1926—the balance of the expenditure incurred on the new shaping machine and the entire expenditure incurred on the new screwing machine being debitable to the Renewals and Repairs Fund.

419. Resolved, with reference to Resolution No. 190, dated the 11th August 1936 to approve of the Port Engineer's proposals to the effect that the unserviceable shaping machine No. 62 be written off his books and sold by public auction.

420. Resolved that the revised estimate amounting to Rs. 1,19,000 submitted by the Port Engineer for the provision of an additional cabin electric crane at the South Quays be approved and be submitted to Government for sanction in supersession of the estimate amounting to Rs. 75,000 sanctioned in G.O. Ms. No. 1755 Public Works (Marine), dated the 6th July 1934 and that Government be also asked to sanction the debit to Capital of the estimated excess expenditure amounting to Rs. 44,000.

421. Read note by the Chairman submitting the correspondence between the Accountant-General and himself ending with the former's letter No. G.A. I.A. 3/520, dated the 23rd January 1937, forwarding G.O. note No. 2013/Mar. 2, dated the 15th October 1936, and his reply thereto, No. F. 4561, dated the 8th December 1936, on the subject of the suggested deduction from the pay of Mr. H. Shelly, Assistant Section Master in the Trust's Indian Department, under the authority of old Article 503 (b) of the Civil Service Regulations, of that portion of his duties pension drawn by him since his retirement from Military service on the 30th September 1925, which is debitable to Indian Revenues.

Resolved that the Accountant-General be advised in reply to his letter above quoted that the Board has always reserved to itself the power to depart from the Civil Service Regulations or the Fundamental Rules whenever it thinks it necessary to do so and that the Board is of opinion that it can relax the provisions of old Article 503 (b) of the Civil Service Regulations in the case of Mr. Shelly so as to permit him to draw the full pay of his post in addition to his pension.

422. Resolved to approve of the grant to Mr. M. Dorsey, Workshop Foreman, of earned leave on full pay for a period of 30 days from or about the 1st February 1937 as well as of the appointment during his absence of Mr. J. Ramaswami, Chargeman, Grade I, drawing Rs. 187 per mensem in the scale of Rs. 112—5—230, to act as Workshop Foreman, in addition to his own duties and an acting allowance at the rate of one-fifth of his substantive pay per mensem.

Blackley, a Blacksmith in the Trust's Workshops on a daily wage of Rs. 1-8-0, be deputed for training in Permanent Way work in the Madras and Southern Mahratta Railway Co., Ltd., at the cost of the Trust for a period of nine months.

GOVERNMENT OF INDIA.

LEGISLATIVE ASSEMBLY DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 25th January 1937:—

L.A. BILL No. 1 OF 1937.

A Bill further to amend the Indian Boilers Act, 1923, for certain purposes

WHEREAS it is expedient further to amend the Indian Boilers Act, 1923, for the purposes hereinafter appearing; It is hereby enacted as follows:—

1. (1) This Act may be called the Indian Boilers (Amendment) Act, 1937.

(2) It shall come into force on such date as the Governor General in Council may, by notification in the *Gazette of India*, appoint.

Application of Act.

2. The Indian Boilers Act, 1923 (hereinafter referred to as the said Act), shall, in its application to British India including Baluchistan and the Sonthal Parganas but excluding Burma, be amended in the manner hereinafter provided.

Amendment of section 2, Act V of 1923.

3. In section 2 of the said Act, after clause (a) the following clause shall be inserted, namely:—

"(aa) 'Board' means the Central Boilers Board constituted under section 27A;".

Insertion of new section 27A in Act V of 1923.

4. After section 27 of the said Act the following section shall be inserted, namely:—

Central Boilers Board.

"27A. (1) A Board to be called the Central Boilers Board shall be constituted to exercise the powers conferred by section 28.

(2) The Board shall consist of fourteen members, namely:—

(a) a chairman to be nominated by the Governor General in Council,

(b) one member to be nominated by each of the Local Governments of Madras, Bombay, Bengal, the United Provinces, the Punjab, Bihar, the Central Provinces, Assam, the North-West Frontier Province, Sind Orissa and Delhi, and

(c) one member to be nominated by the Chief Commissioner of Railways.

(3) Any vacancy occurring in the Board shall be filled as soon as may be by a nomination made by the authority by whom the member vacating office was nominated.

(4) The Board shall have full power to regulate by by-laws or otherwise its own procedure and the conduct of all business to be transacted by the Board.

(5) The powers of the Board may be exercised notwithstanding any vacancy in the Board."

Amendment of section 28, Act V of 1923.

5. In section 28 of the said Act,—

(a) for the words "Governor General in Council", in both places where they occur, the word "Board" shall be substituted; and

(b) after clause (a) the following clause shall be inserted, namely:—

"(aa) for prescribing the circumstances in which, the extent to which, and the conditions subject to which variations from the standard conditions laid down under clause (a) may be permitted;".

STATEMENT OF OBJECTS AND REASONS.

The Government of India Act, 1935, assigns the subject of "Boilers" to the concurrent field. While the Central Legislature will after 1st April, be able to legislate in that field, the power of making regulations, which is an exercise of executive authority, will rest in the Provincial Government except in so far as the regulations relate to railways, in which case the Central Government will be responsible. It is most undesirable from the point of view both of industry and of administration that there should be a series of separate codes; but the frequent modifications in the code necessitated by the constant developments in boiler practice cannot, without great inconvenience, be achieved by continual legislation. The Bill accordingly provides for the constitution of a Central Board which will have the authority to make regulations which is at present exercised by the Government of India. The powers at present vested in Provincial Governments will not be affected. The proposal was discussed at the Boilers Conference held in Lucknow in December 1936 and secured general approval.

The Bill also provides an amendment to section 28 which will make it possible to permit war claims in special circumstances from such standard conditions as may be prescribed for the construction of boilers.

1921	II	The Bombay Short Titles Act, 1921.	So much of the Schedule as relates to the Bombay Land-customs Act, 1867.

STATEMENT OF OBJECTS AND REASONS.

In view of the existing definition of 'foreign territory' the Indian Land Customs Act, 1924, does not apply to the frontiers of Indian States. It has therefore been necessary to utilize the provisions of the Bombay Land Customs Act, 1867, in connexion with the land customs lines which have been established on the frontiers of Kathiawar and Cutch. Experience has shown that the Bombay Act is seriously defective in several respects, and it is therefore proposed that the all-India Act should now be made applicable to all frontiers.

2. It is also proposed that sections 98 and 168 of the Sea Customs Act should now be included in the list of sections which apply to the land frontiers. Section 98 gives the customs authorities power to dispose of unclaimed goods and section 168 gives power to confiscate vehicles used for the conveyance of smuggled goods. It has been found that these powers are required by the land customs officers.

3. The proposed amendments will not in any way prejudice the treaty rights of the States and do not imply any intention of extending or increasing the existing land customs lines. Their purpose is merely to secure uniformity in customs administration throughout India.

NEW DELHI;
The 22nd January 1937.

The following report of the Select Committee on the Bill to amend the Hindu Law governing Hindu Women's Rights to Property was presented to the Legislative Assembly on the 25th January 1937 :—

We, the undersigned, members of the Select Committee to which the Bill to amend the Hindu Law governing Hindu Women's Rights to Property was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

Papers Vol. I—III.

2. We have redrafted the Bill so as to confine the scope of its provisions within the limits foreshadowed in the discussions that took place when the motion for reference to Select Committee was before the House, that is to say we have dealt only with the question of giving extended rights to widows. We have not accepted the provision contained in clause 4 of the Bill as introduced giving an absolute interest in inherited property to the widow, but have made that interest the limited interest known as a "woman's estate."

3. The alteration in clause 2 is primarily a drafting matter. Clause 3 we have omitted as unnecessary. The extent clause has also been amended to correspond with the usual formula, and to exclude Burma.

4. The Bill was published as follows :—

MINUTE OF DISSENT

I do not agree to the change proposed to the last clause because I think it only right that the benefit of the Act should be extended to the widows already existing, who labour under the very disabilities that are sought to be removed by the Act. Only such civil suits may not be disturbed as have already been instituted, and that is what the original section contemplated

NILAKANTHA DAS.

The 24th January 1937.

NOTE

1. Under the Hindu Law in force at present a widow gets a share from the separate property of her husband for life only when the sons divide the property. Until such time she cannot demand the share by partition. This operates hard and that relief has been provided for by the Select Committee but the Hindu Law gives her no separate share in the property of a joint Hindu family evidently to keep the joint family system intact. It cannot be denied that the system has its own advantages and new deviation by legislation would mean the death knell of that system which may be approved of at present only by persons having extremely individualistic tendencies.

2. In case clause 3 (2) is maintained it requires clearing up. The provision that the widow shall have on the death of her husband in the joint family property the same interest which her husband had is liable to be misconstrued to mean that she gets all that interest exclusively to herself. That is not the intention of the Select Committee and, therefore, the words " along with other coparceners entitled to the same interest " should be added.

LALCHAND NAVALRAI.

L A BILL No. 35 OF 1934.

[AS AMENDED BY THE SELECT COMMITTEE.]

[Changes made by the Select Committee are underlined or side lined.]

PART I.

Regulations.

1. The balance-sheet required to be prepared in respect of every class of business carried on by an insurer is, in the form in which it is set out in Part II of this schedule (Form A), appropriate to a case where the insurer maintains a separate fund in respect of life insurance business.

2. The balance-sheet of any class of business may be prepared as a separate document instead of being incorporated by the addition of columns and headings in the general balance-sheet, but the totals of each such separate balance-sheet (showing the total assets of the class of business, the balance at the credit of the life insurance fund or other separate fund or account, the amount of shareholders' undivided profits and outstanding liabilities) must in any case be incorporated in the general balance-sheet.

3. If any combined balance-sheet is for any purpose issued by an insurer, it shall be in accordance with the Form set out in this schedule, and there shall not be included among the assets shown in any such combined balance-sheet any amount in respect of any holding in or advance to any insurer whose assets and liabilities have been incorporated therein. Every combined balance-sheet must show clearly on the face thereof that it is a combined balance-sheet and must set out fully the name of every insurer whose assets and liabilities have been incorporated therein; if the assets and liabilities of any person not being an insurer are included in a combined balance-sheet the fact must be stated thereon.

4. Where any guarantee has been given by an insurer (otherwise than in the ordinary course of re-insurance business) in respect of the policies of any other insurer, the balance-sheet of the insurer by whom the guarantee was given must show clearly the name of every insurer whose policies have been so guaranteed and the extent of the guarantee:

Provided that this regulation shall not apply where a combined balance-sheet is issued incorporating the assets and liabilities of the insurer whose policies are guaranteed.

5. Where any part of the assets of an insurer is deposited in any place outside British India as security for the owners of policies issued in that place, the balance-sheet shall state that part of the assets has been so deposited, and, if any such part forms part of the life insurance fund, shall show the amount thereof and the place where it is deposited. Where any combined balance-sheet is issued by an insurer for any purpose, the information required by this regulation shall be shown in the aggregate in respect of all the insurers whose assets and liabilities have been incorporated in the balance-sheet.

6. If the value as shown in the balance-sheet of the investments in Stocks and Shares is in the aggregate greater than the market value thereof (after deduction of accrued interest included elsewhere in the balance-sheet), then such market value must be shown against the value shown by the balance-sheet, so stated as to make it appear what part thereof has been ascertained from published market quotations.

7. Every balance-sheet shall contain the following certificates, namely:—

(a) a certificate signed by the same persons as are required by this Act to sign the balance-sheet explaining how the values as shown in the balance-sheet of the investments in Stocks and Shares have been arrived at, and how the market value thereof has been ascertained for the purpose of comparison with the values so shown;

(b) a certificate signed by the same persons as are required by this Act to sign the balance-sheet and signed also, in so far as

respects the value of any items shown in the balance-sheet under the heading of "Reversions and Life Interests," by an actuary, certifying that the values of all the assets have been reviewed as at the date of the balance-sheet, and that in their belief the assets set forth in the balance-sheet are shown in the aggregate at amounts not exceeding their realizable or market value under the several headings—"Loans," "Reversions and Life Interests," "Investments," "Agent's Balances outstanding," "Interest Dividend and Rents accruing but not due," "Amounts due from other Persons or Bodies carrying on Insurance Business," "Sundry Debtors," "Bills Receivable," "Cash," and the several items specified under "Other Accounts";

Provided that if the persons signing the certificate are unable to certify that the assets set forth in the balance-sheet are so shown as aforesaid, a full explanation of the bases upon which the values shown in the balance-sheet have been assessed shall be given in the certificate;

(c) a certificate signed by the same persons as are required by this Act to sign the balance-sheet and by the auditor certifying that no parts of the assets of the life insurance fund are held directly or indirectly applied in contravention of the provisions of this Act relating to the application and investment of life insurance funds; and

(d) certificates signed by the auditor (which shall be in addition to any other certificate or report which he is required by law to give with respect to the balance-sheet) certifying—

(i) that he has verified the cash balances and the securities relating to the insurer's loans, reversions and life interests, and investments,

(ii) to what extent, if any, he has verified the investments and transactions relating to any trusts undertaken by the insurer as trustee; and

(iii) in the case of a combined balance-sheet that he has audited the balance-sheet and accounts of every insurer whose assets and liabilities are incorporated therein, or that any such balance-sheet and accounts which have not been audited by him have been certified by independent auditors. The said certificate shall contain a reference to such reservations, if any, as may have been made by any auditor upon any report or certificate given by him with respect to the balance-sheet and accounts of any insurer whose assets and liabilities are incorporated in the combined balance-sheet.

8. If the values shown in the balance-sheet in respect of "Buildings in Controlled Companies" or "House Property (a) in India (b) out of India" have been increased since the last previous balance-sheet, the certificate required by paragraph (b) of the last foregoing regulation shall state the amount of every increase not solely due to the cost of subsequent additions or, as respects holdings in controlled companies, to undistributed profits, and shall contain an explanation of the reason therefor.

9. For the purposes of this Schedule the following expressions have the meanings hereby respectively assigned to them, namely:—

(a) "combined balance-sheet" includes any combined statement made by an insurer of assets and liabilities in the form of a balance-sheet which includes the assets and liabilities of any other insurer;

THE SIXTH SCHEDULE

(See section 45.)

RULE AS TO THE VALUATION OF THE LIABILITIES OF AN INSURER IN INSOLVENCY OR LIQUIDATION.

The liabilities of an insurer in respect of current contracts effected in the course of his insurance business including annuity business, shall, subject to any directions which may be given by the Court, be calculated upon the basis of the rate of interest and rates of mortality and sickness upon which in the opinion of the liquidator or official assignee or receiver the like calculations could properly be based if the obligations under the contracts were to be fulfilled as and when they became due, taking into account the premiums which would be received under the contracts and such sum as, in the opinion of the liquidator or official assignee or receiver is the lowest that could properly be assumed in respect of the office expenses and other charges which would be incurred in respect of the contracts.

STATEMENT OF OBJECTS AND REASONS.

The law relating to insurance in British India is contained in Act V of 1912, which regulates Provident Insurance Societies Act VI of 1912, which regulates Life Assurance Companies, and Act XX of 1928, which amended the latter in certain respects but was primarily aimed at providing for the collection of statistical information in respect of insurance business other than life insurance business carried on in India by external companies.

2 The marked increase in the volume of life insurance business, the development of other forms of insurance business in British ... 1912 soon suggested that more comprehensive legislation ... A Bill was prepared in 1925 to extend to other classes ... business the supervision already exercised over life in... appointment in England almost simultaneously of a ... committee presided over by Mr A C Clauson, K C ... Amendment of the Assurance Companies Act, 1909 ... Act VI of 1912 had been largely based, decided ... India to postpone that Bill, and await the legis... ... as the Clauson enquiry. The enquiry however, ... though complete, in 1927 was not immedia... followed by, and has not yet resulted in legislation in England although the report of the committee contained a draft Bill embodying the recommendations of the committee for the re-enactment of the 1909 Act with extensive modifications. In the meantime Act XV of ... It was passed by the Indian Legislature, and it was hoped that ... information collected through it would be of value when the ... came to co... the problems affecting Indian insurance.

3 In 1935 the Government decided to proceed with ... ure of Insurance Law without waiting for the enactment of ... in England. Mr S C Sen was placed on special duty to ... of committee which had been collected concerning the amendm... the present law in general and insurance law in particular. It ... that the Indian Companies (Amendment) Act, 1936 was passed. The project of revising the law of insurance was at once taken up. A small advisory committee of experts representing various interests was assembled in three centres in 1936 to consider in detail the various recommendations contained in Mr Sen's report. This Bill embodies the proposals which Government has decided to submit to the Legislature after consideration of Mr. Sen's recommendations and the opinions of the advisory committee.

4 The draft Bill includes in one enactment the subjects dealt with by the two separate Acts of 1912, but relegates the provisions relating to Provident Insurance Societies to a separate Part.

It provides inter alia for the following matters. It increases the pervious exercised over all concerns transacting insurance business whatever kind in British India, whether these are indigenous companies or ... agents of external companies represented in India by branches or agencies, and treats agents acting for Lloyds' underwriters on the same basis as such branches or agencies. Registration formerly necessary except for Provident Insurance Societies is proposed for general application and the principle of exacting deposits, hitherto applied only to indigenous companies transacting life insurance business, has been similarly extended. The amount of the deposit has been increased with the object of more effectively discouraging the formation of companies inadequately financed, and where the business of life insurance is to be carried on a minimum net sum of Rs 50,000 is required as working capital. Provision is made for full disclosure of the information required to ensure sound principles of finance and management. Powers to enforce periodical submission of returns and to ensure their accuracy, and additional powers of inspection of insurance companies are taken. External companies are required to keep in their principal offices in British India the accounts and other documents by which their returns concerning their business in India can be checked. Certain restrictions are imposed on the investment of the funds of insurance companies and external concerns are required to keep a portion of their assets invested in Indian Government securities. The winding provisions of the law relating to winding up of insurance companies, and to the amalgamation and transfer of insurance business have been enlarged. Provisions have been inserted to regulate the assignment and transfer of policies of life insurance and the making of nominations. Power is given to companies to pay into Court moneys due under a policy where there is difficulty in securing a proper discharge. It is proposed to prohibit the employment of

Managing Agents in future, and to bring existing Managing Agencies to an end[illegible]. In order to secure fair treatment [illegible] Indian insurers companies operating in foreign countries power [illegible] subject the nationals of a foreign country to any restrictions imposed on that country on Indian insurance concerns operating [illegible]. Certain proposals are put forward aimed at checking the rebating and the payment of excessive commission. The system for the licensing of insurance agents. The [illegible] the Act will be carried out through the Superintendent who will normally be the Government Actuary. To [illegible] the supervision of Provincial Insurance Societies.

5. The provisions relating to Provident Insurance Societies subject these to much more effective supervision than has hitherto been exercised. The name adopted by any such society will indicate its status. Business on the dividend bonus[illegible] is prohibited as that societies dependent on this class of business will disappear. A minimum initial working capital is required and [illegible] the principle of deposits is applied. The [illegible] of a society [illegible] to furnish fuller information of the working of the [illegible]. All schemes of insurance operated by a society are to be submitted to actuarial examination so that unsound schemes may be eliminated and periodical actuarial investigation must be made into the financial condition of the society. Proper books of account must be maintained and the accounts must be audited. Separate classes of business must be brought separately to account, and a separate fund must be maintained in connexion with a particular group of contingencies. Assets are further protected by a provision requiring the investment in trust securities of a certain percentage of the total assets. Increased powers of inspection and inquiry are taken. Other features of the Part are the application to [illegible] passed by Provident Societies of the provisions governing transfer and assignment of life insurance policies and annuities. Liquidation procedure, however, [illegible] rules made by the Local Government, is now to be provided for in the Act itself.

The 12th January 1937. N. N. SIRCAR.

NOTES ON CLAUSES.

Clause 2. Definitions.—The definition of "actuary" enables the Governor General in Council to prescribe as at present the qualifications to be possessed. The existing rules made under section 30, c., Act VI of 1912 will survive by virtue of section 24, General Clauses Act, 1897.

"Auditor."—See Mr. Sen's report, paragraphs 131 and 266.

"Insurance company."—This definition is inserted for the purpose of the winding up provisions, clauses 33 to 47.

"Insurer".—This definition follows the lines of the Clauses Draft Bill so far as sub-clauses (a), (b) and (bc) are concerned, but sub-clause (a) (iii) includes subsidiary companies, as defined for the purposes of the Indian Companies Act.

Sub-clause (b) is meant to make local agents for Lloyds' underwriters liable to all the central provisions applying to other insurers. It seems necessary to exclude specifically the licensed agents referred to in clauses 33 to 36, who are "persons carrying on insurance business in British India", and it is necessary to exclude "provident societies" which are specifically dealt with in a separate Part. The insurers defined in clauses (a) and (aa) of sub-clause (a) are Indian insurers. Any insurers not included in these will be non-Indian insurers. The subsequent provisions of the Bill relating to registration, deposit, actuarial valuation, keeping of accounts, submission of returns etc., are drafted to apply equally to all insurers, but in certain cases, e.g., clauses 9 (2) (b), 11 and 13 as well as in clauses 48 to 50, special provisions have had to be made for non-Indian insurers. These have been distinguished from Indian insurers mostly by reference to the terms of this definition.
